POLO GROUNDS, Oct. 6.—The Giants plastered their ancient enemies, the Yankees, with a coating of white wash this afternoon and won their second victory over the American league champions by a score of 3 to 0. John Scott, rejuvenated after all the major league clubs had regarded his pitching arm as ruined, stood out there and made the Yankees look foolish. He had speed, grace, mixed in with a fine curve. Hoyt pitched a loose game for the Yankees.

The collegiate pitcher, Blume, took the mound for the Giants while they tried the ranges of the field. Blume had a lot of stuff on the ball but the Giants pounded out his curves and smeared his pitching all over the ball yard.

Pitchers Scott and McQuillan took part in the batting workout. Then Carmen Hill tossed up some curves for the Giants to peck away at.
Casey Stengel, the Giant center fielder, was still suffering from a charley horse pulled in yesterday's game and took no part in the practice. All the unseated seats were filled shortly after 1 o'clock and the crowd was still coming. So far the attendance has exceeded that of last year's series.

Stengel appeared on the diamond and took one swing in batting practice and went back to the bench limping badly. McQuillan and Smith were announced as the battery for the Giants and Hoyt and Schang were in the points for the Yankees. After McQuillan had warmed up, Manager McGraw suddenly called him to the bench and sent out "Deacon" John Scott to warm up. McGraw then decided to pitch Scott as he showed to be in good form.

"I was going to start McQuillan but as he was not feeling just right and was not likely to show to the best advantage, I decided to start Scott."

FIRST INNING
Yankees—Scott took Witt's bunt and threw him out at first. Dugan hit a high fly to Young. Frisch tossed out Ruth at first. No runs, no hits, no errors.

Giants—Hoyt took Bancroft's bunt and beat him to the bag. Groh singled into right field. Frisch singled over second. Groh going to second. Meusel lined out to Ward, who doubled Frisch at first with a quick throw to Pipp. No runs, two hits, no errors.

SECOND INNING
Yankees—Pipp singled to right field. Meusel fouled out to Kelly. Schang flied out to Cunningham. Pipp stole second. Bancroft threw out Ward at first. No runs, one hit, no errors.

Giants—Young lifted a high fly into left field for a single and when he tried to stretch it was out. Meusel to Ward. Scott threw out Kelly at first. Cunningham got a single into right. Smith forced Cunningham. Ward to Scott. No runs, two hits, no errors.

THIRD INNING
Yankees—Scott flied out to Young. Frisch took Hoyt's hopper and threw him out. Witt walked. Witt was caught asleep off first. Smith to Kelly. No runs, no hits, no errors.

Giants—Scott singled over second base. Ward booted Bancroft's grounder and the ball rolled to left field. Scott going to third. Hoyt took Groh's grounder and Scott was run down. Hoyt to Dugan. Bancroft went to third and Groh to second on the play. Bancroft scored on Frisch's sacrifice

UNCLE JOE CANNON
SPEAKS FROM AUTO
AT EARLHAM CAMPUS

Uncle Joe Cannon, trekking to his home in Illinois, via automobile, after long years of service in legislative halls in Washington, stopped at Earlham college a short time Thursday afternoon to greet the persons who had assembled there to welcome the distinguished veteran in many parliamentary and political battles.

Uncle Joe arrived shortly after 3 o'clock. Tired by his long motor trip he did not get out of his machine but consented, however, to make a brief talk. He telephoned President Edwards from Eaton about 2:15 o'clock saying he would stop here.

Came with parents
Mr. Cannon traced the historical importance of the old Northwest territory, in which the states decided for themselves the question of slavery. He said he came with his parents from Guilford, N. C., settling in Western Indiana. He complimented the students who were of Quaker parentage. Mr. Cannon said he had served in congress from 1872 to 1922, with two leaves of absence, holding the office longer than any man in history.

Mr. Cannon recalled many of the events of his childhood, and the events of his school life.

"I have been in congress for 48 years," he said, "a longer term than any other man has ever served in the house of representatives. During that time I have had two leaves of absence and I didn't ask for those."

"I am leaving early because I am getting old and I want to get home. I am going to try to regain my health and hope to spend the rest of my life in the quietude of my home."

The first time I came to Earlham I came in a two horse carriage with my parents who came here to Yearly Meeting," he said. "They left me here in the Friends boarding school. I had a very profitable school experience here and I cherish the memories of the days spent here."

Mr. Cannon was introduced to B. B. Johnson and Timothy Nicholson, speaking of Mr. Johnson, he said, "If there was only one chair here, I would say, 'Old man, sit down.'"

Learning Mr. Nicholson's age he gasped and smiled.

A group picture was taken of Mr. Cannon, Mr. Johnson, Mr. Nicholson and President Edwards.

BULGARIA NEUTRAL
IN NEAR EAST FUSS

SOPHIA, Bulgaria, Oct. 6.—Bulgaria will remain neutral in the Near East controversy under all circumstances, the parliament was told today by Minister of the Interior Daskaloff, speaking in place of Premier Stamboulsky. The parliament voted approval of the government's policy.

The premier said Bulgaria had not the slightest intention of mobilizing or of intervening in the conflict in any way, but that she would not cease in protest against injustice toward herself. Bulgaria, said the minister, demands an autonomous Thrace as a condition to preserve peace in the Balkans.

fly to Witt, Groh going to third. Groh scored on Meusel's liner into right field for one base. Young forced Meusel, Ward to Scott. Two runs, two hits, one error.

Yankees—Groh threw out Dugan at first. Ruth was hit by a pitched ball. Pipp fanned. Babe Ruth started to steal second and when the pitcher threw to second base. He started back to first and was safe. Frisch made a mess of Meusel's grounder and when Ruth tried for third he went out. Frisch to Groh. No runs, no hits, one error.

Giants—Kelly got a single which Ward barely was able to knock down. Kelly went out stealing. Schang to Scott. Dugan threw out Cunningham at first. Smith got a long hit into left field. He took no chances with Bob Meusel's arm. Scott fanned. No runs, two hits, no errors.

FIFTH INNING
Yankees—Schang went out, Kelly to Scott. Ward sent up a high one which Cunningham took. Scott fouled out to Groh. No runs, no hits no errors.

Giants—Bancroft fanned. Groh bunted but Dugan came in fast and threw him out. Frisch walked. Frisch went out stealing. Schang to Scott. No runs, no hits, no errors.

SIXTH INNING
Yankees—Hoyt got a single into right. Witt forced Groh. Bancroft to Frisch. Dugan flied out to Meusel. Ruth went out to Kelly unassisted. No runs, one hit, no errors.

Giants—Meusel flied out to his brother in left. Young shot a single over Scott's head. Kelly fouled out to Pipp. Cunningham went out. Ward to Pipp. No runs, one hit, no errors.

SEVENTH INNING
Yankees—Frisch threw out Pipp at first. Meusel got a single behind the pitcher. Schang got a double into right. Meusel going to third. Elmer Smith batted for Ward. Smith struck out. Bancroft threw out Scott. No runs, two hits, no errors.

Giants—McNally played second base in place of Ward. Hoyt took Smith's roller and threw him out at first. Dugan robbed Scott of a hit and threw him out. Bancroft walked. On a hit and run play Groh singled to right. Bancroft going to third. Bancroft scored on Frisch's single to right.

The ground ball went to Meusel went out. McNally to Pipp. One run, two hits, no errors.

EIGHTH INNING
Yankees—Baker batted for Hoyt. Kelly took Baker's roller and touched first. Witt flied to Cunningham. Groh took Dugan's hot grounder and threw him out. No runs, no hits, no errors.

Giants—Jones went into the box for the Yankees. Young singled into center, his third hit. Kelly sacrificed. Jones to Pipp. Cunningham walked. Smith sent a high one to McNally. Scott fouled out to Dugan. No runs, one hit, no errors.

NINTH INNING
Yankees—Frisch threw out Ruth. Bancroft robbed Pipp of a hit and threw him out at first. Bancroft tossed out Meusel. No runs, no hits, no errors.NO BREAK IN

Another 24 Hours of Generally Fair Weather Predicted—Forest Fires Leave Thousands Homeless.

MANY DIE IN FIRES

BULLETIN

COBALT, Ont., Oct. 6.—A heavy rain this morning had virtually quenched the forest fires about the city which took a toll of possibly 60 lives and wiped the town of Halesbury and several smaller settlements out of existence. Thirty-three bodies have been recovered from the charred wreckage which a week ago was Halesbury. Many persons are missing. Trainloads of tents, food, bedding and other supplies are arriving now to aid the 5,000 homeless who have wandered into Cobalt.

(By Associated Press)

WASHINGTON, Oct. 6.—With another 24 hours of generally fair weather forecast for the entire section of the country from the Plains states eastward, the United States weather bureau saw no immediate prospect today for a break in the protracted drought who has gripped a greater portion of the country. Attending high temperatures for the season which yesterday established records at a number of points in the east and middle west also were expected to continue at least until tomorrow night.

Until the weather elements—the winds and barometric pressures—get back to natural course, meteorologically speaking weather bureau officials say the present dry spell during which there has been little rain to speak of in any section of the country with the exception of Pacific coast, Florida and the east gulf coast, for the last four or five weeks will continue. The air, they said, is simply showing a sluggishness and lack of movement which is barring the inswep of moisture bearing air over the country.

Forest Fires Menace
Despite the extent and intensity of the drought, however, the damage to crops has been exceedingly small, agriculturists declare, because of the harvest generally being practically over. The most serious effect has been the retarding of winter wheat sowing. Rural communities in wide areas also have suffered from the drying up of streams, wells and reservoirs.

The menace of forest fires, already causing huge damage and threatening additional loss of life, in Canada, in addition to areas aggregating about 100 square miles now burning in northern Minnesota, is by far the most feared consequence of the drought. It has caused officials of the forest department of the department of agriculture to post warnings against lighting fires in the woods. This is the time of the year, it is declared, when the second forest fire period can be expected, and with a continuance of the dry weather the spread of fires from Maine along the Atlantic coast south is feared.

JACKMAN, Me., Oct. 6.—There was no halting today of the forest fires which started in cutover land north of here three days ago and licked through the piles of trash, forcing woodmen and their families to flee. The flames have made deep inroads through the Arrowstock county forests, eastward along the north shore of the Moose river. Extra firefighters are being rushed to the vicinity. Lumbermen, driven into town by the dense smoke, say that the damage will be heavy. Great quantities of oak wood, already out and piled, were threatened with destruction today.

DELUTH, Minn., Oct. 6.—A decided feeling of optimism prevailed throughout most sections of the northern Minnesota forest fire zone today. Fire fighting crews were able to make considerable progress yesterday and last night. Foggy weather and decreased wind velocity aided them.

No new outbreaks had been reported early today. Several crews reported that during the night they had gained the upper hand on fires which had been threatening to get beyond control. Fire breaks have been improved in nearly all sectors.

TWO MILLION DOLLAR
SUIT AGAINST DAYTON
AIRPLANE COMPANY

(By United Press)

DAYTON, Oct. 6.—The Dayton Airplane company was notified today the government had sued it for recovery of \$2,408,267.41.

The suit represents the government's so-called "war frauds" case against the airplane company.

The amount alleged to have been fraudulently paid to the company, which formerly was the Dayton-Wright Airplane company, by government officers.

James N. Linton, who prepared the case for the government as a special assistant to Attorney General Daugherty, said today that the suit for the first time attacks the legality of a bonus as applied to a cost-plus contract.

To Recover Sums
Linton declared the suit marks the government's first steps toward recovering millions of dollars alleged to have been fraudulently paid "cost-plus" contractors during the war.

The amount the government seeks to recover, according to the bill filed in district court here, is a part of \$31,436,175 paid the company under the contracts.

Polished Diplomat of Europe Ruthless Sheik in Command of Turkish Hordes

Mustapha Kemal Pasha, left, as the polished diplomat; right, as the "Terrible Turk". He is a polished diplomat, who speaks accomplished French, wears English clothes and sits at a desk like a western official. But that's just one side. On the other, he's a buccaneering sheik in oriental robes, with a jeweled scimitar and the irresistible impulses of a Mehmet Ali or an Arabi Pasha, Moslem conquerors of a bygone age.

LIBERTY LIGHT PLANT
ENJOINED FROM WORK
WITHIN HAGERSTOWN

(Special to the Palladium.)

HAGERSTOWN, Ind., Oct. 6.—Work of employees of the Liberty Light and Power plant, on construction of lines to carry electric current into this city to serve trade within the corporate limits, was abruptly halted Friday, when a restraining order, issued by the judge of the Wayne circuit court, was served on the company.

Sheriff Carl Wadman served the order, which was issued on the Liberty Light and Power plant and Robert S. Ashe. The order enjoins the company from carrying on any construction work within the town.

Complaint by the town of Hagerstown that the Liberty concern had on the morning of Oct. 5 started work on electric lines within the city limits, that holes were being dug in the streets and the lines of the company being put in without authority, or consent of the town, was the basis of the request for a temporary restraining order filed in circuit court Friday morning.

Hearing Oct. 19.
Judge W. A. Bond, in issuing the temporary order, set time for hearing on the permanent injunction for Oct. 19.

Residence wiring in the town was being connected to the Liberty lines despite the "violent protests" of the house owners, the complaint filed to day stated.

Stop Water Supply.
That the town will be without water in case the new concern is allowed to install its lines and furnish current to the citizenship is the claim made in the complaint. This will be true, it is said, because the new lines furnish alternating current, and the motors which pump water for the town are equipped to use direct current.

The complaint makes the statement that the object of the installation of these new wires is to destroy the good will and sale value of the Hagerstown light plant, which the town council recently decided to put on sale.

(By Associated Press)

ATLANTA, Ga., Oct. 6.—The Imperial Klondinium, ruling body of the Ku Klux Klan, in a statement made public today, denied truth of charges against Edward Young Clark, imperial wizard, promulgated yesterday on the allegation of using the mails to effect a scheme to defraud.

The charges against Mr. Clark, and on which the indictment was found, said the statement, signed by W. J. Simmons, imperial wizard, and other members of the Klondinium, "were charges presented by the same crowd of former employees who were discharged from the organization and who have filed one law suit after another ever since they were removed from the payroll."

Clark Not Arrested.
Clark was not arrested by federal officials and carried to the federal building, the statement continued, "but on the contrary when he learned of the indictment drove down to the United States court, gave bond and went about his business." Clarke's bond was fixed at \$500.

The indictment against Clarke who Wednesday announced his resignation effective Nov. 10, 1922, as pro-temper wizard of the Klan was based the bill stated on alleged use of the mails in collecting money from members, subordinates, officers and employees of the Ku Klux Klan on the pretense the funds would be used to pay premiums to surety companies furnishing bonds.

Indianapolis Man Deplores
National Road Condition

Protest against the condition of the National Road west of Richmond, and the failure of officials to mark the road with detour signs, was contained in a letter written Mayor Lawrence Handley, by W. N. Shaw, of Indianapolis, agent for a life insurance concern. The letter was received Friday. Mayor Handley replied to the letter at once, with the statement that the highway which had been covered with tar was under the control of the state highway commission and the writer could get action by complaining to that department.

PEACE PARLEY
ON NEAR EAST
IS DEADLOCKED

Cannot Be Resumed Until the British and French Governments Have Conferred Over the Situation.

TURKS ARE GRASPING

(By Associated Press)

LONDON, Oct. 6.—The Mudania conference is not ended, it was officially stated at the conclusion of the British cabinet meeting this morning, but it is deadlocked and cannot be resumed before the British and French governments have conferred over the situation.

Lord Curzon, the British foreign secretary, will leave immediately for Paris to see Premier Poincare.

It was also officially stated in rough outline that from the British point of view the Turks are demanding more than was offered in the allied note, and, on the other hand, that they were not accepting the conditions of that note. It was asserted that the Turks want to obtain the concessions of the note without the conditions.

The officials decline to give in detail what the Turks were demanding.

Debate Situation

The British cabinet today debated the situation in its entirety, but the main point appeared to be the question of Thrace. It is understood the British view is that there should be some consideration given the Greek minority population there and what might happen to it if the Turks were permitted to enter.

CONSTANTINOPLE, Oct. 6.—After conferring for most of the night with the high commissioners and military experts here the allied generals this morning prepared to leave again for Mudania for a resumption of the armistice conference.

The result of the deliberations here was not announced. It was conceded that the situation was very serious, but it still was hoped that a basis for common agreement among the British, French and Italian delegations could be reached.

The warships bearing the allied delegates were scheduled to leave at noon arriving at Mudania at about 2:30 o'clock.

PARIS, Oct. 6.—The French government has instructed its minister at Athens to protest against the Greek government having sent reinforcements to the Greek army in Thrace.

ANGORA, Oct. 6.—Mustapha Kemal Pasha has sent the following message "to the people of Constantinople":

"I offer greetings to my friends in Constantinople and hope soon to meet them personally. Peace will be concluded with the realization of our national aspirations."

"The whole world is now with us. Humanity applauds us. The saner spirits even of Great Britain, favor our cause, and many of her public men who hitherto have misguidedly opposed us, have seen the truth and changed their sentiment toward us."

LONDON, Oct. 6.—A new crisis has arisen in the near eastern situation, which had seemed on a fair way to settlement. The armistice conference of allied, Greek and Turkish military leaders at Mudania was adjourned suddenly yesterday after a dramatic passage in which Ismet Pasha, representing the Ankara government, demanded that the Greeks be allowed to occupy eastern Thrace as a precedent to any peace conference.

Ismet Pasha told the allied generals that if the Turks could not have Thrace peacefully, "we have the means to enforce our determination." Earlier in the day the Greek delegates had declared in no less certain terms their readiness to fight if necessary to retain the province.

That the Turkish demand had been duly weighed and calculated is evidenced by the almost simultaneous receipt of an Ankara dispatch quoting Mustapha Kemal Pasha, as declaring before the national assembly: "The evacuation and surrender of Thrace must occur immediately, especially as since the Greek revolution the Moslem subjects are in great danger."

Ismet Pasha's bombshell was followed by another when the French delegates announced they were instructed to support the Turkish demand. This created a definite split, with the Turks and French opposed to the British and Italians, the latter holding that evacuation of Thrace by the Greeks and re-occupation by the Turks should follow, and not precede the peace conference.

The allied generals thereupon adjourned the meeting and left for Constantinople to consult with the high commissioners and the British and Italians to ask definite instructions from their home governments, with the understanding that a further meeting would follow their report.

The message from Brig. Gen. Sir Charles Harrington caused immediate action in Downing street. The cabinet ministers were hurriedly summoned by telephone and special messengers, and went into a session which did not break up until early this morning.

General Harrington's message was garbled in transmission and it was thought advisable to wait for a repetition before taking any decision.

Details Are Lacking

London newspapers this morning appear without any of the details of the conflict at Mudania which are known in the United States through dispatches to The United Press. The British press is being badly served in Constantinople, where, according to the Telegraph's diplomatic expert, the British military authorities have established a most stringent censorship.

On the basis of such meagre information as they possess, the papers comment rather lugubriously upon the situation.

THEODORE ROOSEVELT
TO DISCUSS CAMPAIGN
ISSUES MONDAY NIGHT

(By Associated Press)

WASHINGTON, Oct. 6.—Shells and tractors that seem to think for themselves and other post-war marvels of the ordnance department were demonstrated today at the Aberdeen, Maryland, proving grounds in connection with the annual meeting of the Army Ordnance Association and affiliated engineering societies.

Shells with fuses devised to withstand the shock of firing, yet withholding their detonation until they touch the cloth of an airplane wing, tried for honors with equally deft projectiles of 2,000 pounds whose fuses wait until 16 inches of armor steel has been penetrated before they explode their destructive charges. The former were developed for destruction of fragile aircraft and the latter for use against battleships and fortifications.

Another airplane development will be shown tonight when flares will be dropped having sufficient power to light a whole field of action below for six or seven minutes with a glare equivalent to that of 10,000 ordinary electric bulbs.

A reconnaissance tractor carrying a crew of two, designed to maintain 12 miles an hour in rough country and cross any stream with its boat-shaped body and screw propeller, attracted considerable attention. Self-propelled ammunition cars capable of supplying front lines where no roads are available and the application of the radio telephone to tank warfare and improvements in anti-tank guns also were demonstrated.

EARLHAM EXPECTED
TO RECOGNIZE GIFT;
TO ELECT OFFICERS

Resolutions recognizing the gift to Earlham college of \$25,000 from the estate of the late Delevan Smith probably will be introduced and approved at the annual meeting of the Earlham college board of trustees to be held in the library at the college Saturday morning at 10 o'clock.

The board will transact the regular business of hearing the reports of all standing committees which will include the report of the committee on buildings and grounds in regard to progress in the construction of the new indoor athletic field.

The board at this time will also elect new officers for the coming year and new standing committees will be appointed. The present officers of the board are: Dr. Walter C. Woodward, general secretary of the Five Years Meeting of Friends, chairman; Joseph A. Goddard of Muncie, vice-chairman; Atwood L. Jenkins of Richmond, treasurer. Dr. J. H. Coffin of the Earlham college faculty, is secretary for the board but is not an official member.

Other members of the board who live in Richmond are: Charles M. Woodward, pastor of the West Richmond Friends church; Rufus M. Allen and Dr. David M. Edwards, president of Earlham college, member ex-officio. Members who do not live in Richmond are: Alvin E. Wildman of Selma, Ind.; Lucy Hill Binsford, of Greenfield, Ind.; Sumner Mills of West Newton, Ind.; Murry S. Barker of Thorntown, Ind.; Edward D. Evans of Indianapolis; Mary Anna Brown, of Carmel, Ind.; Albert L. Copeland of Paoli, Ind.; Elbert B. Morris of Bloomington, Ind.; Christine R. Osburn, of Danville, Ind., and Perry S. Clark of Georgetown, Ind.

Clark Not Arrested.
Clark was not arrested by federal officials and carried to the federal building, the statement continued, "but on the contrary when he learned of the indictment drove down to the United States court, gave bond and went about his business." Clarke's bond was fixed at \$500.

The charges against Mr. Clark, and on which the indictment was found, said the statement, signed by W. J. Simmons, imperial wizard, and other members of the Klondinium, "were charges presented by the same crowd of former employees who were discharged from the organization and who have filed one law suit after another ever since they were removed from the payroll."
